

AWS + DevOps Internship Prep

100 MCQs - AWS, Linux, Git, DevOps

1. What is the full form of S3?

A) Simple Storage Service B) Secure Storage System C) Smart Storage Solution D) Static Storage Service

Answer: A

2. What is the full form of S3?

A) Simple Storage Service B) Secure Storage System C) Smart Storage Solution D) Static Storage Service

Answer: A

3. What is the default storage class in S3?

A) Glacier B) Standard C) One Zone-IA D) Intelligent-Tiering

Answer: B

4. Which service is used for identity and access management?

A) EC2 B) RDS C) IAM D) Lambda

Answer: C

5. What is the default storage class in S3?

A) Glacier B) Standard C) One Zone-IA D) Intelligent-Tiering

Answer: B

6. What is the default storage class in S3?

A) Glacier B) Standard C) One Zone-IA D) Intelligent-Tiering

Answer: B

7. What is the full form of S3?

A) Simple Storage Service B) Secure Storage System C) Smart Storage Solution D) Static Storage Service

Answer: A

8. Which service is used for identity and access management?

AWS + DevOps Internship Prep

A) EC2 B) RDS C) IAM D) Lambda

Answer: C

9. Which AWS service is serverless?

A) EC2 B) Lambda C) RDS D) S3

Answer: B

10. Which service is used for identity and access management?

A) EC2 B) RDS C) IAM D) Lambda

Answer: C

11. What is the full form of S3?

A) Simple Storage Service B) Secure Storage System C) Smart Storage Solution D) Static Storage Service

Answer: A

12. What is EC2 in AWS?

A) Object storage B) Virtual server C) Database D) Messaging queue

Answer: B

13. What is EC2 in AWS?

A) Object storage B) Virtual server C) Database D) Messaging queue

Answer: B

14. Which service is used for identity and access management?

A) EC2 B) RDS C) IAM D) Lambda

Answer: C

15. Which service is used for identity and access management?

A) EC2 B) RDS C) IAM D) Lambda

Answer: C

16. What is EC2 in AWS?

AWS + DevOps Internship Prep

A) Object storage B) Virtual server C) Database D) Messaging queue

Answer: B

17. Which service is used for identity and access management?

A) EC2 B) RDS C) IAM D) Lambda

Answer: C

18. Which service is used for identity and access management?

A) EC2 B) RDS C) IAM D) Lambda

Answer: C

19. What is the default storage class in S3?

A) Glacier B) Standard C) One Zone-IA D) Intelligent-Tiering

Answer: B

20. What is EC2 in AWS?

A) Object storage B) Virtual server C) Database D) Messaging queue

Answer: B

21. What is the default storage class in S3?

A) Glacier B) Standard C) One Zone-IA D) Intelligent-Tiering

Answer: B

22. What is the full form of S3?

A) Simple Storage Service B) Secure Storage System C) Smart Storage Solution D) Static Storage Service

Answer: A

23. What is the full form of S3?

A) Simple Storage Service B) Secure Storage System C) Smart Storage Solution D) Static Storage Service

Answer: A

24. Which service is used for identity and access management?

AWS + DevOps Internship Prep

A) EC2 B) RDS C) IAM D) Lambda

Answer: C

25. What is the full form of S3?

A) Simple Storage Service B) Secure Storage System C) Smart Storage Solution D) Static Storage Service

Answer: A

26. What is EC2 in AWS?

A) Object storage B) Virtual server C) Database D) Messaging queue

Answer: B

27. What is the default storage class in S3?

A) Glacier B) Standard C) One Zone-IA D) Intelligent-Tiering

Answer: B

28. What is EC2 in AWS?

A) Object storage B) Virtual server C) Database D) Messaging queue

Answer: B

29. What is the default storage class in S3?

A) Glacier B) Standard C) One Zone-IA D) Intelligent-Tiering

Answer: B

30. What is EC2 in AWS?

A) Object storage B) Virtual server C) Database D) Messaging queue

Answer: B

31. What is EC2 in AWS?

A) Object storage B) Virtual server C) Database D) Messaging queue

Answer: B

32. What is the default storage class in S3?

AWS + DevOps Internship Prep

A) Glacier B) Standard C) One Zone-IA D) Intelligent-Tiering

Answer: B

33. What is EC2 in AWS?

A) Object storage B) Virtual server C) Database D) Messaging queue

Answer: B

34. What is EC2 in AWS?

A) Object storage B) Virtual server C) Database D) Messaging queue

Answer: B

35. What is the full form of S3?

A) Simple Storage Service B) Secure Storage System C) Smart Storage Solution D) Static Storage Service

Answer: A

36. What command lists all files in Linux?

A) ls B) dir C) show D) list

Answer: A

37. Which Git command is used to copy a repo?

A) git fork B) git pull C) git clone D) git import

Answer: C

38. Which Git command is used to copy a repo?

A) git fork B) git pull C) git clone D) git import

Answer: C

39. What is the Git command to upload code?

A) git push B) git commit C) git init D) git clone

Answer: A

40. What is the Git command to upload code?

AWS + DevOps Internship Prep

A) git push B) git commit C) git init D) git clone

Answer: A

41. What is the Git command to upload code?

A) git push B) git commit C) git init D) git clone

Answer: A

42. Which Git command shows commit history?

A) git hist B) git status C) git log D) git commits

Answer: C

43. Which Git command is used to copy a repo?

A) git fork B) git pull C) git clone D) git import

Answer: C

44. Which command changes directory?

A) chdir B) cd C) mv D) rm

Answer: B

45. Which command changes directory?

A) chdir B) cd C) mv D) rm

Answer: B

46. What command lists all files in Linux?

A) ls B) dir C) show D) list

Answer: A

47. What is the Git command to upload code?

A) git push B) git commit C) git init D) git clone

Answer: A

48. What is the Git command to upload code?

AWS + DevOps Internship Prep

A) git push B) git commit C) git init D) git clone

Answer: A

49. Which Git command shows commit history?

A) git hist B) git status C) git log D) git commits

Answer: C

50. Which Git command shows commit history?

A) git hist B) git status C) git log D) git commits

Answer: C

51. Which Git command is used to copy a repo?

A) git fork B) git pull C) git clone D) git import

Answer: C

52. Which Git command shows commit history?

A) git hist B) git status C) git log D) git commits

Answer: C

53. Which command changes directory?

A) chdir B) cd C) mv D) rm

Answer: B

54. What command lists all files in Linux?

A) ls B) dir C) show D) list

Answer: A

55. Which Git command is used to copy a repo?

A) git fork B) git pull C) git clone D) git import

Answer: C

56. What is the Git command to upload code?

AWS + DevOps Internship Prep

A) git push B) git commit C) git init D) git clone

Answer: A

57. What is the Git command to upload code?

A) git push B) git commit C) git init D) git clone

Answer: A

58. Which Git command is used to copy a repo?

A) git fork B) git pull C) git clone D) git import

Answer: C

59. What is the Git command to upload code?

A) git push B) git commit C) git init D) git clone

Answer: A

60. Which command changes directory?

A) chdir B) cd C) mv D) rm

Answer: B

61. Which command changes directory?

A) chdir B) cd C) mv D) rm

Answer: B

62. Which Git command shows commit history?

A) git hist B) git status C) git log D) git commits

Answer: C

63. Which command changes directory?

A) chdir B) cd C) mv D) rm

Answer: B

64. Which Git command shows commit history?

AWS + DevOps Internship Prep

A) git hist B) git status C) git log D) git commits

Answer: C

65. Which Git command is used to copy a repo?

A) git fork B) git pull C) git clone D) git import

Answer: C

66. Which tool is used for infrastructure as code?

A) Terraform B) Jenkins C) Git D) Docker

Answer: A

67. What is CI in DevOps?

A) Continuous Improvement B) Continuous Integration C) Code Injection D) Code Integration

Answer: B

68. Which tool is used for containerization?

A) Ansible B) Docker C) Jenkins D) Git

Answer: B

69. Which tool is used for containerization?

A) Ansible B) Docker C) Jenkins D) Git

Answer: B

70. Which tool is used for infrastructure as code?

A) Terraform B) Jenkins C) Git D) Docker

Answer: A

71. What is the function of Jenkins?

A) Container Management B) Monitoring C) CI/CD Automation D) Networking

Answer: C

72. Which tool is used for infrastructure as code?

AWS + DevOps Internship Prep

A) Terraform B) Jenkins C) Git D) Docker

Answer: A

73. What is CI in DevOps?

A) Continuous Improvement B) Continuous Integration C) Code Injection D) Code Integration

Answer: B

74. Which tool is used for containerization?

A) Ansible B) Docker C) Jenkins D) Git

Answer: B

75. Which tool is used for infrastructure as code?

A) Terraform B) Jenkins C) Git D) Docker

Answer: A

76. What is the function of Jenkins?

A) Container Management B) Monitoring C) CI/CD Automation D) Networking

Answer: C

77. What is the function of Jenkins?

A) Container Management B) Monitoring C) CI/CD Automation D) Networking

Answer: C

78. Which tool is used for containerization?

A) Ansible B) Docker C) Jenkins D) Git

Answer: B

79. What is CI in DevOps?

A) Continuous Improvement B) Continuous Integration C) Code Injection D) Code Integration

Answer: B

80. What is the function of Jenkins?

AWS + DevOps Internship Prep

A) Container Management B) Monitoring C) CI/CD Automation D) Networking

Answer: C

81. Which tool is used for infrastructure as code?

A) Terraform B) Jenkins C) Git D) Docker

Answer: A

82. Which tool is used for infrastructure as code?

A) Terraform B) Jenkins C) Git D) Docker

Answer: A

83. What is the function of Jenkins?

A) Container Management B) Monitoring C) CI/CD Automation D) Networking

Answer: C

84. What is the function of Jenkins?

A) Container Management B) Monitoring C) CI/CD Automation D) Networking

Answer: C

85. What is CI in DevOps?

A) Continuous Improvement B) Continuous Integration C) Code Injection D) Code Integration

Answer: B

86. Which file defines a Docker image?

A) Dockerfile B) Docker.yml C) Container.json D) Image.txt

Answer: A

87. Which tool is used for infrastructure as code?

A) Terraform B) Jenkins C) Git D) Docker

Answer: A

88. What is the function of Jenkins?

AWS + DevOps Internship Prep

A) Container Management B) Monitoring C) CI/CD Automation D) Networking

Answer: C

89. Which tool is used for infrastructure as code?

A) Terraform B) Jenkins C) Git D) Docker

Answer: A

90. What is the function of Jenkins?

A) Container Management B) Monitoring C) CI/CD Automation D) Networking

Answer: C

91. Which tool is used for infrastructure as code?

A) Terraform B) Jenkins C) Git D) Docker

Answer: A

92. What is CI in DevOps?

A) Continuous Improvement B) Continuous Integration C) Code Injection D) Code Integration

Answer: B

93. What is CI in DevOps?

A) Continuous Improvement B) Continuous Integration C) Code Injection D) Code Integration

Answer: B

94. What is CI in DevOps?

A) Continuous Improvement B) Continuous Integration C) Code Injection D) Code Integration

Answer: B

95. Which tool is used for containerization?

A) Ansible B) Docker C) Jenkins D) Git

Answer: B

96. What is the function of Jenkins?

AWS + DevOps Internship Prep

A) Container Management B) Monitoring C) CI/CD Automation D) Networking

Answer: C

97. Which tool is used for infrastructure as code?

A) Terraform B) Jenkins C) Git D) Docker

Answer: A

98. Which tool is used for containerization?

A) Ansible B) Docker C) Jenkins D) Git

Answer: B

99. Which tool is used for containerization?

A) Ansible B) Docker C) Jenkins D) Git

Answer: B

100. Which tool is used for containerization?

A) Ansible B) Docker C) Jenkins D) Git

Answer: B
